

Five details on a familiar walk

Observation sheet

Any order; skip a prompt if you like. Write or sketch in the boxes.

You can stay by a window or in a comfortable spot indoors. Stop before writing.

1 An echo in two places

Find a shape repeated in two different things. Name both.

2 A break in the pattern

Find a repeated row and one detail that differs.

3 Where materials meet

Find where two materials meet. Describe the boundary.

4 A shape in the gap

Look at the empty space between things. What shape does it make?

5 Something that changes

Choose a detail, look elsewhere, then look back. Record a visible change or “none noticed”.
